"(1) Whether the following Charter of Demands served by Crompton Greaves Limited Employees Union vide their letter dated 22-5-1998, on behalf of the workmen employed by M/s. Crompton Greaves Motors, a business unit of M/s. Crompton Greaves Ltd., at Karaswada, Bardez Goa, is legal and justified?"

DEMANDS

Demand No. (1) Rise in Basic Wages: Our present basic wages are extremely low. They are not at all consistent with the skills displayed by the workmen in producing the goods. The work that workmen carry out is highly skilled work and the basic wages of workmen must be raised in such a way so as to justify the skills required in performing the jobs.

The Union, therefore, demands that the basic wages of all the workers should be raised by Rs. 500/- per month.

Demand No. (2) Rise in fixed dearness allowances: The present fixed dearness allowance which the workers are getting is the bare minimum compared to the ever increasing inflation, while the basic wages are dependent on the skills required to perform a job, the fixed dearness allowance depends upon the rise in prices of essential goods needed to keep the body and soul together. The present fixed dearness allowance is not able to do justice to the aspiration of the workmen. It should, therefore, be raised by Rs. 800/- per month, so justice could be done.

Demand No. (3) Rise in variable dearness allowance: As the consumer price index is ever increasing in India, especially in Goa, where the living standard is the highest in India, the variable dearness allowance assumes special significance. If the rate at which the variable dearness allowance is calculated is sufficiently decent, then the variable dearness allowance will increase so as to compensate for the rise in prices of essential goods, and therefore, we are aspiring for a decent variable dearness allowance rate.

Keeping this mind, all the workers should be granted a raise of Rs. 300/- per month in their variable dearness allowance, and the rate of variable dearness allowance should be Rs. 3/- per point rise or fall.

Demand No. (4) Rise in house rent allowance: House accommodation or house construction or repairs in Goa has become the costliest with the land prices rising by leaps and bounds. Workmen have to pay more on rents and are also required to pay more on house repairs. A large part of the wages of workmen are spent on their house accommodation/building house/repairs/ construction.

The house rent of all the workmen should, therefore, be raised by Rs. 400/- per month.

Demand No. (5) Rise in conveyances allowance : Transport fares and petrol prices are revised upward in Goa almost every year and the present transport fares and petrol prices are indeed exorbitant. All the workmen should, therefore, get conveyance allowance consistent with the rise in transport fares and petrol prices. Their conveyance allowance should be raised by Rs. 400/- per month.

Demand No. (6) Rise in education allowance: Educational expenses are on the rise and considering the same present meagre allowance paid for education is really negligible. It should be raised at least by Rs. 300/- per month.

Demand No. (7) Rise in special allowance: All the workers should be given a rise of Rs. 300/-, in their special allowance.

Demand No. (8) Rise in washing allowance: All the workers should be granted a rise of Rs. 200/- per month, in their washing allowance.

Demand No. (9) Bonus under Payment of Bonus Act: 20% Bonus should be paid to all the workers irrespective of the nature and status of their service or jobs.

Demand No. (10) Pay scales and grades: All the workers should be granted proper and suitable pay scales and grades keeping in view the modern service conditions.

Demand No. (11) Privilege leave : Privilege leave should be increased from 17 days to 25 days, excluding Sundays, public and festival Holidays.

Demand No. (12) Sick leave : Minimum 7 days of sick leave should be granted, as sickness on account of industrial hazards is on the rise.

Demand No. (15): The present Leave Travel Allowance of Rs. 1500/- per year, per worker, should be increased to Rs. 5000/- per month, per employee, as Travel fares and accommodation have increased manifold during the last 3 years. The increase is sought in order to compensate the tremendous rise as indicated above.

Demand No. (16) Loans for Workers: Permanent workers should be granted loans of Rs. 25000/- per worker without interest and suitable instalments should be deducted from their salaries, say Rs. 500/- per month, towards, repayment.

Demand No. (17) Transfer of workers: Transfer of workers from one factory to another factory should not be made under any conditions.

Demand No. (18) Emergency/power failure: In situation emergency of power failure, the Company should bear the consequent losses. The Company should not force the workers to work on Sundays or Holidays or off days or on leave days.

Demand No. (19) Overtime: Overtime, if instructed to do, should be paid double the days wages, calculated and

based upon the basic wages, FDA, VDA and all the allowances. If, Overtime is done on a Sunday or a paid Holiday, one day off should be given, in addition to what has been stated above.

Demand No. (20) Period of settlement: The period of settlement should be three years effectively from the date you receive this Charter of demands.

Demand No. (21) Caveat : The Union reserves the right to delete, add or amend any demand at the time or during the negotiations on the Charter of demands.

Demand No. (22): The Union calls upon you to start with it, negotiations on the Charter of Demands, within 15 days in the interest of justice and fair play and peace and good industrial relations.

(2) If not, to what relief the workmen are entitled?"
